

STATE EXECUTIVE COMMITTEES

BASICS, GUIDES, TIPS, & MORE

2020  2021
ASPIRE

NEBRASKA FBLA

WHAT ARE THEY?

State Executive Committees are an integral part of our Nebraska FBLA Chapter. There are four main committees in total, each headed by two state officers. New this year is a Middle Level Executive Committee (both high school & middle school students).

Each committee consists of a handful of FBLA members that have been selected through an application and interview process. The mission of these groups is to help fulfill this year's Program of Work, improve the organization as a whole, and bridge the gap between the local and state levels.

Meetings will be held over Zoom periodically amongst committees. This will be how work is accomplished.

WHO SHOULD APPLY?

Any member who wants to take the next step in their FBLA journey! There are no requirements on grade level, accomplishments, positions held, or FBLA participation. We encourage any member that is interested to apply!

BENEFITS

Working on a committee is quite possibly one of the greatest experiences a member can have. They will get to work directly with the state officers, make connections with other passionate members from across the state, and launch their amazing ideas into action.

PROCESS

The Google Form application is being sent out the week of August 17th. These will be due September 1st. After all the applications have been submitted, interviews will be conducted from September 12-15. Those chosen will be announced shortly after the interview process.

ADVISER'S ROLE

As an adviser, it your responsibility to assist your members throughout the application process. If chosen, keeping constant communication with your committee members is crucial. Also, reach out to a State Officer if you ever have any questions or concerns.

WORKLOAD

These committees are designed to work efficiently and effectively. This means that high quality and timely work is to be expected. However, we are aware that students are extremely busy and have many other responsibilities. That is one reason why we have decided to start these committees so early. Spreading out our time together should decrease the amount of work at any given point.

COMMITTEE OPTIONS

CONNECT - Lucas & Caden

GROW - Jaelyn & Isabella

ADVOCATE - Trey & Wyatt

Middle Level - (Entire team, open to any level)

POSITION CHOICES
